---

Rebuilding Together is a non-profit organization supported entirely by contributions of time, labor, material and money. We are dedicated to repairing homes of those who, due to financial hardship, age, and/or disability, cannot do the work themselves. If you'd like your house to be considered for our programs, please complete the attached application and return it to Rebuilding Together of Northwest Arkansas as soon as possible. Please include a verification of income of all occupants in your household with your application.

To be eligible for consideration in the program, you must:

- Own and live in your home
- Qualify as a low-income household per the federal guidelines
- Live in Benton or Washington counties

Home safety is the first priority of Rebuilding Together. Volunteer teams will provide improvements that enhance the safety and comfort of your home. Please understand that it may not be possible to complete all work items requested on the application. Because projects are primarily short-term, major repairs are usually not possible. Skilled and unskilled volunteers will work alongside able-bodied members of the recipient's family and friends to complete the repairs at no cost to the homeowner. We do ask any able-bodied family members and friends to try and be at your home to help volunteers if they are scheduled to work.

Our Programs include Rebuilding Day which is held the middle of April every year and all the repairs are done by volunteers. Our second program is our Year Round Program that deals with critically needed repairs throughout the year. Sometimes we may do critical repairs as soon as possible and recommend your home to Rebuilding Day for repairs that other volunteers can assist with. Our third program is the R.A.M.P. Program that provides ramps and accessibility modifications through this valuable service in partnership with Sources for Independent Living.

If you have any questions about the program or if you need assistance in completing the application, call our office at 479-725-2488. All qualified homeowners who apply will have their application reviewed by the selection team. The information they gather will be used in determining the projects to be repaired.

Thank you for your interest in Rebuilding Together of Northwest Arkansas.

Sincerely,

Jan Skopecek  
Executive Director  
Rebuilding Together of NWA
